The compilers are grateful to those who have drawn attention to omissions from the International Daffodil Register and its Supplements, pointed out errors, suggested changes or supplied new information.

Amendments to cultivar names, divisions, colour codes, parentages, originators and registrants will usually be published in an annual Supplement. Amendments to descriptions will usually only be published in a new edition of the Register. However, all amendments will be published on the internet, in a regular updating of the Register posted at:
