

# Grow your garden better

Fill gardens with **RHS Plan for Pollinators** plants

Grow **a range of plants** for year-round flowering

**Attract** plants with double or multi-petalled flowers

**Neer, e pe icide** on plants in flower

Provide nest sites for **wild bee**

Subspecies and cultivars of plants listed here are also **Plan for Pollinators**, except for those that provide significantly reduced floral resources (i.e. pollen and nectar). This includes most doubles. See p.2 for **kw o code**.

## Winter

No. Feb

<i>Clematis cirrhosa</i> Spanish traveller's joy	C
<i>Crocus speciosus</i> crocus (winter-flowering)	B
<i>Eranthis hyemalis</i> winter aconite	B
<i>Fatsyhedera lizei</i> tree ivy	S

**Natural England Code** : You can legally collect small quantities of wildflower seed for your own use, but you must get permission from the land's owner, tenant or other authority, as necessary. Although seed-collecting is allowed, you should not dig up native plants – many rare species are protected by law. You can collect seed of even rare plants, but cannot sell / trade seed or progeny.

**Key code** **T** tree **S** shrub **C** climber **B** bulb / corm **A** annual **Bi** biennial **H** herbaceous perennial  
/ denotes an archaeophyte (a naturalised plant introduced into Britain before 1500)

<i>Sidalcea malviflora</i> checkerbloom	H
